

Rechler Equity Partners Celebrates An Exceptional Year

Many of Long Island's leading real estate executives joined Rechler Equity Partners in celebrating an exceptional year for the firm, which not only celebrated its 50th anniversary in 2009, but also recorded one million square feet in leasing activity.

Gregg Rechler and Mitchell Rechler presented commemorative glass plaques to a number of top brokers who made the

one-million-square-foot milestone possible. The more than 150 guests enjoyed exquisite hors d'œuvres and cocktails, as well as the unveiling of new, higher commission structures for the brokerage community.

Rechler Equity Partners is the largest fully integrated commercial real estate company on Long Island, with a portfolio of over 6 million square feet and encompassing over 100 properties.
